

## Mobile type ASA-80-ST(with stand) Detailed Product Description:

1. Centrifugal air cooler, large air flow, long distance air flow
2. Low electricity consumption
3. Durable aluminum sealed motor, high heat dissipation, low rising temperature
4. 3-speed motor with high, medium, low wind
5. Auto swing air grille
5. Smart usage, easily movable with heavy-duty castor wheels, or windows mounted
6. Safe and reliable, with overload leakage protection, easy maintenance

	Max Airflow	Pressure	Volt/HZ	Output	Speed	Fan type	Dimension (L×W×H) (mm)	Weight
